

The Real Estate Vendor Platform
in the Greater Kitsap Area.

What is Listio?

Listio, the Real Estate Vendor Platform, is a network of local, quality service providers offering exclusive value to Real Estate Professionals. By choosing a Real Estate Professional who is a member of Listio, you gain access to these top-notch providers across various categories, including HVAC, junk removal, painters, and everything in between.

How it works:

- **Invite-Only Access:** Providers are sourced through referrals or standout reputations, then vetted to meet our values and standards. This network is reserved for the best.
- **Exclusive Value:** Providers offer exclusive value to Real Estate Professionals, who can then pass this on to their clients. Examples of Exclusive Value include preferred timing, discounts, added bonus services, etc.
- **Enhanced Experience:** This collaboration ensures a seamless, high-quality experience for anyone buying or selling a home.
- **2-Year Home Care Program:** Buyer clients are enrolled in our 2-Year Home Care Program — your personal home concierge for trusted vendors, maintenance, and upgrades long after closing.
